LORD KITCHENER ARRANGING A
PLAN TO CLEAR CAPE COL-
ONY OF BOERS.

LOYALISTS ARE TO ASSIST

The Scheme Provides for a Levy of
Colonists En Masse—More Vigorous
Campaign Wanted by the War Of-
fice—Would End the War Before
the Coronation—General Hamilton
to Act as Chief of Staff.

London, Nov. 11.—The Cape Town
correspondent of The Daily Mail says:
"Lord Kitchener and Sir John Gor-
don Sprigg (the Cape premier) have
arranged a scheme for the expulsion
of the invaders from Cape Colony. A
joint commission of imperial and col-
onial military chiefs has been sitting
here for several days past to draft a
scheme.

"It is understood that this provides
for the colony taking a large share in
the future of the campaign and con-
tributing largely toward the cost. Ap-
parently a levy of loyalists en masse
is the idea involved."

According to The Daily News, Major
General Hamilton, who sailed Satur-
day for South Africa to act as Lord
Kitchener's chief of staff, takes a
place planned in London for a more
vigorous campaign with a view of end-
ing the war before the coronation fes-
tivities begin.

"General Hamilton's appointment,"
says The Daily News, "is part of a plan
arranged after the king's return from
the continent several weeks ago. Un-
less Lord Kitchener should be com-
plaisant the new scheme is likely to
be delayed until the first of the year."

DISPUTE IS NOW ENDED.

Sultan Signs the Irade Satisfying
France's Claims Against Turkey.

Paris, Nov. 11.—The French foreign
office has announced that the sultan
has signed an irade for the execution
of his engagements with the French
government and that the Franco-
Turkish dispute is now at an end.
Tewfik Pasha, Ottoman minister of

foreign affairs, wrote a letter to M.
Baptiste, counsellor of the French em-
bassy in Constantinople, notifying him
of the signing of the irade, which,
while settling the original French de-
mands, accepts the additional clause
by which the sultan pledges himself
to establish in full rights the com-
mercial, trading, religious and educa-
tional enterprises which France may de-
sire to carry out if the porte is ad-
vised of her intentions and makes no
objections in five months.

France has thus secured full satis-
faction and M. Delcasse, on receipt
of M. Baptiste's dispatch, telegraphed
him to inform Tewfik Pasha that diplo-
matic relations had been re-established
and that M. Baptiste should consider
himself in full charge of the French
embassy. Instructions were also sent
to the French admiral at Mitylene to
re-embark the marines and to return
to Greek waters, which is understood
to mean the island of Syra. Admiral
Caillard will remain in the Levant
some time longer. M. Constans, the
French ambassador, will return to
Constantinople very shortly.

The additional clause was acceded
to at the request of France in order
to prevent future difficulties such as
the Turkish provincial authorities
have often raised on their own initia-
tive or in consequence of inattention
by the porte.

IN MCKINLEY'S HONOR.

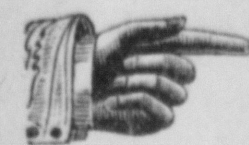

First Memorial Shaft in the Country
Dedicated at Tower, Minn.

Duluth, Nov. 11.—About 5,000 people
assembled at Tower to witness the
unveiling and dedication of the first
McKinley monument in the United
States. Special trains were run from
Ely and the towns on the Mesaba
range and many prominent men of the
county were present. Governor Van
Sant reviewed the parade and took
part in the exercises. He made a
speech eulogizing McKinley and later
sent the following dispatch to Mrs.
McKinley:

"Today at Tower the first monu-
ment in Minnesota, if not in the United
States, was unveiled and dedicated in
memory of your late beloved hus-
band."

The exercises were preceded by a
parade participated in by bands from
Ely, Tower, Soudan and various or-
ganizations, largely Finnish and Aus-
trian. Besides Governor Van Sant ad-
dresses were made by J. Adam Bede,
Dr. Robert Forbes, T. J. McKeon of
Duluth and Mgr. Buh, the veteran
Catholic missionary.

The monument is an iron pedestal
18 feet high and cost \$12,000, which
was subscribed by residents of Tower

Yesterday morning Mr. and Mrs. Henry Joncas and their two daughters were victims of a rather bad smashup on the corner of Front and Eighth streets. They were riding in a double seated rig and were coming down town by way of Eighth street. The team became frightened as they crossed the track and started to run. The turn on the corner of Eighth and Front was made rather sudden and there being a pretty bad hole there the axle of the buggy broke and the two young ladies were thrown with considerable violence to the ground. Fortunately they were not injured and Mr. Joncas managed to control the team so they did not get away from him.

ACHIEVEMENTS OF STATE MILITIAMEN.

March to Brainerd the Most Notable One in History of the State.

CONDUCT WAS COMMENDABLE.

The Pioneer Press Eulogizes the Commanding Officer of the Third.

Some of the achievements of the Minnesota guardsmen are unique and have set the pace for the citizen soldiery throughout the country, says the Pioneer Press. St. Paul has, beside the department and brigade headquarters and commanders, the headquarters and one battery of the artillery, headquarters and one company of the Third infantry and two companies of the First infantry. The St. Paul officers and commands have always been in the front rank of the guard organization and some of the most notable peace time achievements have been the results of the efforts of St. Paul officers.

To Col. Charles A. Van Duzee commanding the Third Regiment, falls recognition as one of the foremost of American militia officers. He is the first national guard colonel to brave the storms of adverse criticism and the alleged danger of a regimental disorganization and successfully conduct his command through a ten days' practice march.

During the time Col. Van Duzee's command was on the march a pouring rain prevailed. The officers and men were in heavy marching order, subsisted on regular army rations, covered seventy-two miles of new country cut roads, built bridges and finished the trip without an instance that would distinguish their conduct from the best regiment of the regular army line.

The command included 467 officers and men. The companies rendezvoused at Mille Lacs and began the march June 5. The march ended at Brainerd, the most notable accomplishment in the annals of the national guard of the United States.

The interstate artillery duel at Lake City was projected and brought to a successful conclusion by another St. Paul officer, Maj. George C. Lambert, commanding the First artillery. The contest was the first between the artillery forces of different states. Minnesota was the challenger, and scarcely had Wisconsin accepted when several other states asked to be admitted to the contest.

The conditions were such that the request could not be granted, but the interest aroused and the success of the contest will probably result in an interstate contest in which all of the most prominent batteries in the country will be represented.

One of the most notable achievements in the national guard history belongs to the artillery. In eight hours Gen. Libbey assembled his batteries in St. Paul and transformed them from artillerymen into infantrymen, armed and equipped them and was en route to the scene of the outbreak at Leech Lake. The infantry regiments were in the service of the United States in October 1898, when the Leech Lake Indians became troublesome.

LUKBAN'S PROPOSITION

WANTS ALL AMERICAN TROOPS WITHDRAWN FROM THE GANDARA VALLEY.

WILL NOT SURRENDER YET

After His Proposal Is Complied With He May Listen to Negotiations—Insurgent Commissary General Gives Incriminating Evidence Against the Representative of Two of the Largest Firms in Manila.

Manila, Nov. 11.—A dispatch from Catbalogan, island of Samar, says that Lukban, the insurgent leader, has sent a message to General Smith declaring that he will not listen to negotiations for surrender until all the Americans have withdrawn from the Gandara valley.

General Smith has ordered every American soldier in the island of Samar and the department of Leyte never to be without arms at all times. He is determined there shall be no more surprises and commanding officers are held responsible. General Smith also directs that scouting must continue indefinitely and that all rice and hemp captured must be destroyed. He considers the capture of Lukban only a question of a short time.

Incriminating evidence is accumulating against Gibson Eastman, the representative of two of the largest firms in Manila, who was recently expelled from Samar on a charge of dealing with the insurgents and he will probably be arrested and tried.

Lukban's commissary general, who was recently captured, says that both concerns had an agreement with Lukban to furnish 500 sacks of rice each year. He has given the dates of delivery to men now in Cebu. The authorities have not yet decided as to the liabilities of the firms.

DICKINSON IS INFLEXIBLE.

Insists That Miss Stone Must Be Surrendered When Ransom Is Paid.

Sofia, Bulgaria, Nov. 11.—Information has been received here from Dounitza that the band of brigands holding captive Miss Ellen M. Stone, the American missionary, called at the village of Smetchevo and subsequently proceeded to the monastery of Rito, but the movements of the troops compelled the brigands to flee toward the frontier, where they are now in hiding. It is also asserted that the brigands have recently been treating Miss Stone with more severity in order to exercise pressure and to compel a more ready acceptance of their conditions.

Consul General Dickinson is inflexible. He insists that the surrender of Miss Stone must precede or be simultaneous with the payment of the ransom. His attitude is justified by the known determination of some members of the band, particularly the captain, Yanne Sandanski, to kill Miss Stone and her companion as soon as the ransom is received owing to the fact that the captives have now acquired information concerning the secret committees.

Competent persons, however, express the opinion that the cupidity of the brigands will overcome their fear of revelations and all such approve the declaration of Mr. Dickinson.

Mr. Dickinson has made energetic representations to the Bulgarian government against the movements of the officials with the fact that notwithstanding their solemn promises to give him all assistance in their power their action was embarrassing the negotiations, retarding a settlement and placing in jeopardy the life of Miss Stone. He made a definite declaration that the Bulgarian government would be held responsible for the death of Miss Stone and of all the consequences of her death should it be proved that the attitude of the Bulgarian government forced the brigands to kill their captives.

COAL FOR THE NAVY.

Uncle Sam's Ships Last Year Burned Over 300,000 Tons.

Washington, Nov. 11.—A striking illustration of the growth of the American navy is presented in the single statement in the annual report of Rear Admiral R. B. Bradford, chief of the equipment bureau of the navy, that he spent \$2,273,111 the last fiscal year for 324,108 tons of coal at an average cost of \$7.01 per ton. The report says that this was nearly 95,713 more tons of coal than was used during the preceding fiscal year. Ten years ago the coal consumption was 73,000 tons per annum. The domestic coal costs \$6.20 per ton and the foreign coal, of which there were used 105,066 tons, cost \$8.50 per ton. Admiral Bradford has scattered American coal all over the world, wherever suitable storage could be found.

SCHOONER WRECKED.

The Emily Taylor Lost Twenty Miles North of Menominee, Mich.

Menominee, Mich., Nov. 11.—The schooner Emily Taylor was wrecked at Zeiser bay, 20 miles north of here, during the evening, and the crew, consisting of Captain James Stone, his wife, two children and two sailors spent a perilous night on the wreck before they were rescued by fishermen. The schooner is owned by Captain Stone and hails from Gladstone. She had loaded wood at Arthur Bay for Green Bay City and was caught in the blow during the afternoon.

The report says that this was nearly 95,713 more tons of coal than was used during the preceding fiscal year. Ten years ago the coal consumption was 73,000 tons per annum. The domestic coal costs \$6.20 per ton and the foreign coal, of which there were used 105,066 tons, cost \$8.50 per ton. Admiral Bradford has scattered American coal all over the world, wherever suitable storage could be found.

ACHIEVEMENTS OF STATE MILITIAMEN.

March to Brainerd the Most Notable One in History of the State.

CONDUCT WAS COMMENDABLE.

The Pioneer Press Eulogizes the Commanding Officer of the Third.

Some of the achievements of the Minnesota guardsmen are unique and have set the pace for the citizen soldiery throughout the country, says the Pioneer Press. St. Paul has, beside the department and brigade headquarters and commanders, the headquarters and one battery of the artillery, headquarters and one company of the Third infantry and two companies of the First infantry. The St. Paul officers and commands have always been in the front rank of the guard organization and some of the most notable peace time achievements have been the results of the efforts of St. Paul officers.

To Col. Charles A. Van Duzee commanding the Third Regiment, falls recognition as one of the foremost of American militia officers. He is the first national guard colonel to brave the storms of adverse criticism and the alleged danger of a regimental disorganization and successfully conduct his command through a ten days' practice march.

During the time Col. Van Duzee's command was on the march a pouring rain prevailed. The officers and men were in heavy marching order, subsisted on regular army rations, covered seventy-two miles of new country cut roads, built bridges and finished the trip without an instance that would distinguish their conduct from the best regiment of the regular army line.

The command included 467 officers and men. The companies rendezvoused at Mille Lacs and began the march June 5. The march ended at Brainerd, the most notable accomplishment in the annals of the national guard of the United States.

The interstate artillery duel at Lake City was projected and brought to a successful conclusion by another St. Paul officer, Maj. George C. Lambert, commanding the First artillery. The contest was the first between the artillery forces of different states. Minnesota was the challenger, and scarcely had Wisconsin accepted when several other states asked to be admitted to the contest.

The conditions were such that the request could not be granted, but the interest aroused and the success of the contest will probably result in an interstate contest in which all of the most prominent batteries in the country will be represented.

One of the most notable achievements in the national guard history belongs to the artillery. In eight hours Gen. Libbey assembled his batteries in St. Paul and transformed them from artillerymen into infantrymen, armed and equipped them and was en route to the scene of the outbreak at Leech Lake. The infantry regiments were in the service of the United States in October 1898, when the Leech Lake Indians became troublesome.

LUKBAN'S PROPOSITION

WANTS ALL AMERICAN TROOPS WITHDRAWN FROM THE GANDARA VALLEY.

WILL NOT SURRENDER YET

After His Proposal Is Complied With He May Listen to Negotiations—Insurgent Commissary General Gives Incriminating Evidence Against the Representative of Two of the Largest Firms in Manila.

Manila, Nov. 11.—A dispatch from Catbalogan, island of Samar, says that Lukban, the insurgent leader, has sent a message to General Smith declaring that he will not listen to negotiations for surrender until all the Americans have withdrawn from the Gandara valley.

General Smith has ordered every American soldier in the island of Samar and the department of Leyte never to be without arms at all times. He is determined there shall be no more surprises and commanding officers are held responsible. General Smith also directs that scouting must continue indefinitely and that all rice and hemp captured must be destroyed. He considers the capture of Lukban only a question of a short time.

Incriminating evidence is accumulating against Gibson Eastman, the representative of two of the largest firms in Manila, who was recently expelled from Samar on a charge of dealing with the insurgents and he will probably be arrested and tried.

Lukban's commissary general, who was recently captured, says that both concerns had an agreement with Lukban to furnish 500 sacks of rice each year. He has given the dates of delivery to men now in Cebu. The authorities have not yet decided as to the liabilities of the firms.

DICKINSON IS INFLEXIBLE.

Insists That Miss Stone Must Be Surrendered When Ransom Is Paid.

Sofia, Bulgaria, Nov. 11.—Information has been received here from Dounitza that the band of brigands holding captive Miss Ellen M. Stone, the American missionary, called at the village of Smotchevo and subsequently proceeded to the monastery of Rito, but the movements of the troops compelled the brigands to flee toward the frontier, where they are now in hiding. It is also asserted that the brigands have recently been treating Miss Stone with more severity in order to exercise pressure and to compel a more ready acceptance of their conditions.

Consul General Dickinson is inflexible. He insists that the surrender of Miss Stone must precede or be simultaneous with the payment of the ransom. His attitude is justified by the known determination of some members of the band, particularly the captain, Yanne Sandanski, to kill Miss Stone and her companion as soon as the ransom is received owing to the fact that the captives have now acquired information concerning the secret committees.

Competent persons, however, express the opinion that the cupidity of the brigands will overcome their fear of revelations and all such approve the declaration of Mr. Dickinson.

Mr. Dickinson has made energetic representations to the Bulgarian government against the movements of the Bulgarian troops, reproaching the officials with the fact that notwithstanding their solemn promises to give him all assistance in their power their action was embarrassing the negotiations, retarding a settlement and placing in jeopardy the life of Miss Stone. He made a definite declaration that the Bulgarian government would be held responsible for the death of Miss Stone and of all the consequences of her death should it be proved that the attitude of the Bulgarian government forced the brigands to kill their captives.

Uncle Sam's Ships Last Year Burned Over 300,000 Tons.

Washington, Nov. 11.—A striking illustration of the growth of the American navy is presented in the single statement in the annual report of Rear Admiral R. B. Bradford, chief of the equipment bureau of the navy, that he spent \$2,273,111 the last fiscal year for 324,108 tons of coal at an average cost of \$7.01 per ton. The report says that this was nearly 95,713 more tons of coal than was used during the preceding fiscal year. Ten years ago the coal consumption was 73,000 tons per annum. The domestic coal costs \$6.20 per ton and the foreign coal, of which there were used 105,066 tons, cost \$8.50 per ton. JOHN GAVIN MEETS A TERRIBLE DEATH.

Fell From a Shaft in Sixty-Five
Feet of Water in a Mine
Near Butte.

FELL OVER ONE HUNDRED FEET.

Former Resident of this City hav-
ing, Worked for C. N. Parker
At One Time.

"The accidental death of John Gavin, a former resident of this city and well known here, at Butte Mont., will be a surprise to many in Brainerd. Mr. Gavin was for a long time in the employ of C. N. Parker, while the latter was operating the street car line in this city. He was employed as engineer at the power house of the street railway. The following account of the fatal accident is taken from the Butte Miner:

"Last night John Gavin, who was at one time engineer at the Iduna mine, met a terrible death by falling down the shaft in 65 feet of water. The mine has been closed down since last March, and Gavin was inspecting it with a view to leasing the property. He was in company with J. Driscoll at the time. They were coming up the ladder in the shaft when the accident occurred. The rounds of the ladder are covered with moss and slime from the vapors that are ever rising out of the depths. When within 50 feet of the mouth of the shaft Gavin lost his hold and plunged headlong into black water below. The fall was at least 100 feet. There was 65 feet of water in the sump.

"In descending Gavin's body struck Driscoll, who was some distance below on the ladder, and all but knocked him from his precarious footing. Gavin's body had struck the timber of the mine in going down and a terrible gash was cut in his head. When he struck the water his body immediately sank and was regained only by the use of grappling hooks.

"John Gavin was the husband of Mrs. Gavin, a lady who conducts a barber shop on East Park street. She was informed of the accident soon after it happened and hurried at once to the scene. She was nearly prostrated with grief and could tell but little of the affair. Her husband had spoken of leasing the Iduna several times during the afternoon and he had told her that he was going to inspect it first. Gavin went to the home of E. Hughes on Warren avenue in the afternoon, but that gentleman was not at home, so the mine was not inspected then. Hughes was at one time employed as engineer at the mine and worked on the opposite shift from Gavin.

"Mrs. Gavin stated that when her husband did not go down the shaft in the afternoon she begged him not to attempt to climb down the ladder at night. She said she felt that some impending danger threatened him, and he had promised not to do so except in daylight. He was going home at about 10 o'clock with Mr. Driscoll and they decided to go down and measure the water. It is 150 feet to the water and the men climbed down to the 100 foot station and made an examination, after which they began the ascent.

"Mr. Driscoll stated that they were nearing the top when, without a second's warning Gavin's hold loosened and he turned in the air. Driscoll was almost knocked from the ladder, but managed to keep his hold. When Gavin's body struck the water Driscoll came up the shaft and gave the alarm.

"Coroner Johnson arrived in a short time and with the assistance of a number of men secured the body with grappling hooks. It was taken to Sherman's undertaking rooms, where the inquest will be held.

"It is said that Gavin had recently returned from a trip to New Mexico, where he had been interested in mining. He is a member of the Engineers' union of Butte."

Miss Mary Lewis, of Burtrum, commenced teaching Monday of this week in the Lano district north of town after a month's absence in a hospital at Brainerd. About four weeks ago she took a small quantity of carbolic acid by mistake which nearly resulted in her death. She went to the hospital in Brainerd to be treated. Miss Ossie Davis taught her school in her absence. Miss Lewis's many friends in Long Prairie will be pleased to hear of her recovery.—Todd County Argus.

CASE IS CONTINUED.

The Richardson Case Hearing
Is Adjourned.

The case of the State of Minnesota vs. Richardson set for a hearing this morning before Judge Mantor was on motion of County Attorney Alderman adjourned for one week. Judge Fleming is defending Richardson. It will be remembered that Richardson is the man who stole the checks off Agent McKay's desk in the Northern Pacific office in this city.

Many of the checks and vouchers that he took have been found. Special Agent McPetridge, of the Northern Pacific was present in the city this morning to be at the hearing.

Brainerd 18; Little Falls 0.

The second team of the Little Falls high school is no match for the second team of the high school of this city. Saturday afternoon again the locals easily defeated the boys from down the river, and it was so easy for them that the game was not even interesting. The Little Falls boys failed to score at all during the game, on account of the successful line plays of the home team. The score was 18 to 0.

The game scheduled between St. Cloud and Duluth Saturday was called off by Duluth.

The second Minnesota University team played the North Dakota university eleven on Northrup field Saturday and the latter was defeated by a score of 10 to 0.

Superior Normal defeated Duluth Central high school at foot ball by a score of 12 to 0 on the Duluth grounds. This takes Duluth out of the contest for head of the lakes honors.

The Fargo High school foot ball team journeyed to Fergus Falls yesterday morning and in the afternoon played the Fergus High a heart-disease game in which both teams failed to score.

The teams were evenly matched and the pigskin was kept in the middle of the gridiron the greater part of the time. It was the most evenly contested game ever played in Fergus Falls and the large crowd in attendance yelled themselves hoarse in the excess of their enthusiasm over some brilliant play executed by either of the teams.—Fargo Call.

The football team of the North Dakota University have every reason to feel swelled up over their work against the Minnesota "U" team yesterday afternoon on the Northrup gridiron. The Flickertail team succeeded in holding the heavy gophers down to a smaller score than any other team has been able to do this season. In the first half the Minnesotans were unable to cross the Dakota goal line and the half closed without either side scoring. In the second half the gophers were forced to put their best team into the game before they could score a touchdown, the game closing with the score of 10 to 0 in favor of Minnesota.—Fargo Call.

Hotel Guest.

THE MAN MAY BE DERANGED.

Searching Parties Organized and

Near Walker.

Sheriff Hardy, of Walker, came in from the north this morning and he reports a rather sensational disappearance of a guest of the Spalding hotel of that place this morning.

The man's name as near as Mr. Hardy could make out was William Ess. He had been stopping at the hotel for sometime. This morning it was discovered that he had arisen at a very early hour and in his nocturnal habiliment made his exit. A searching party was organized and the country round about Walker is being scoured with the hopes of locating the man.

It is thought perhaps that he might have walked out of the place in his sleep and after waking up would find his way back again, but up to the time the train left Walker coming south the man, who is still thought to be thinly clad, was at large. Another theory advanced is that he may have become suddenly deranged.

State Fire Warden Andrews Thinks The
Loss From Recent Fires is not Heavy
Except of Hay.

State Fire Warden C. C. Andrews returned yesterday from Morrison county, where he has been investigating brush and prairie fires. He found that the fire which raged throughout Buckman and Morrill townships, and possibly in Mille Lacs county, was started by two little boys, one six years old and the other seven, who were hunting in the brush for a cow bell that had been lost. The fire was first reported Oct. 21 from Royaltown.

Warden Andrews caused the arrest of Peter Anderson, who will be tried at Little Falls Tuesday on a charge of setting fires. He is accused of burning a stack of straw without taking precautions to prevent the fire from spreading.

Gen. Andrews says that country has been burned over several times, and that there is no timber to be injured. The fires are in the brush and fields. The principal loss has been in hay, and he estimates the total loss in that district at only a few thousand dollars.

Students Eligible for West Point.

Washington, Nov. 9.—Secretary Root has issued an order changing the regulations relative to admissions to West Point so that the academic board may accept candidates who are graduates of high schools or students of universities without requiring them to pass the mental examination prescribed by the department. The important paragraphs added are:

SITUATION SERIOUS.

Town of Guaymas, Mex., in Constant
Fear of Indian Attack.

Tucson, A. T., Nov. 9.—Great fires are built almost every night by the Yaquis in the mountains near Guaymas, Mex. In the recent fight between the Yaquis and the Mexican cavalry a large number of Indians were killed and their comrades are now holding weird ceremonies over the bodies, which they took to the highest point on the mountains surrounding Guaymas. From Guaymas mountain they watch the approach of posses and are able to fight to advantage. The Yaquis make raids nightly on ranches. They have abundance of horses and ammunition and seem disposed to continue fighting. The Guaymas people fear attack at night and posses have been stationed outside the gate to arouse the people in case the Indians come. The situation is more serious than it has been for some time.

A PECULIAR ACCIDENT.

Prominent New York Lady is Found
Dead in Bathroom.

New York, Nov. 9.—Mrs. Archibald S. White, wife of the president of the National Salt company, was found dead in the bathroom of her residence on West Eighty-sixth street.

Mrs. White lost her life as the result of a most unusual accident. A slip on the floor of the bathroom caused her to fall backward, her head striking the edge of a marble basin, fracturing her skull. Mrs. White's maid went to her room some time after the accident. Not finding her mistress the maid went to the bathroom, where Mrs. White lay on the floor dead. Mrs. White was about 40 years of age.

Car in a Dying Condition.

Grand Island, Neb., Nov. 9.—Z. T. Fishner, a Wells Fargo express messenger, was found in a dying condition in his car on a St. Joseph and Grand Island train when it arrived at Elwood, Neb. The wounded messenger died.

ROBBER THE PAYMASTER.

United States Army Official Relieved
of \$4,800.

Pensacola, Fla., Nov. 11.—Paymaster Stevens of the United States army arrived from Atlanta Saturday and before leaving that city placed in a hand satchel 200 silver dollars and \$4,800 in paper money for the purpose of paying the several hundred artillerymen at Forts Barancas and McRea their salaries for the past month. When he reached the fort here he opened his grip and found that all the paper money, amounting to nearly \$5,000, had been abstracted, and that only the 200 silver dollars remained. Amazement and surprise followed the discovery. The police were instructed to look out for the treasure. Paymaster Stevens thinks some professional pickpocket followed him and relieved him during the trip. He cannot recall a single incident of the trip that would lead to anything on the robbery, but has an idea the money was taken before he left Atlanta.

Atlanta, Ga., Nov. 11.—The police department of this city has placed under arrest J. H. Alexander, a negro in the employ of the United States government, charged with having stolen \$4,800 from the valise of Major P. C. Stevens, a United States paymaster. Major Stevens states that the money was left in a valise in the negro's care to be taken to the Union depot. By some misunderstanding the negro did not meet the major at the depot in time to catch the train and the valise was carried back to Major Stevens' office. Major Stevens reported to the city detectives that he carried the valise to Pensacola and when he arrived there he found that the currency, amounting to \$4,800, had been stolen. The negro has been in the employ of the government for a number of years and denies that he has stolen the money. Detectives are at work on the case.

KILLS NON-UNION TEAMSTER.

Echo of the Strike of Longshoremen
at San Francisco.

San Francisco, Nov. 11.—Otto M. Ekberg, a non-union teamster, was killed by an unknown man who struck him on the head with a gas pipe fully two feet long. The only witness to the assault was Mrs. Alma Miller. She does not think she would be able to identify the murderer. During the recent strike in this city Ekberg and another non-union teamster were attacked by 20 or more union teamsters. In defending themselves Ekberg and his friends shot into the crowd, wounding one of the union men slightly. It is thought this occurrence supplied the motive for the killing.

REINSTATE THE MEN.

Thought Action of Temple Iron Com-
pany Averts General Strike.

Scranton, Pa., Nov. 11.—The community is greatly relieved by the action of the Temple Iron company in reinstating the alleged blacklisted men and thereby averting a strike of its 5,000 miners. What prompted the company to change its position cannot be ascertained as none of the officials will discuss the matter. District President Nichols of the Mine Workers' order expressed the opinion that the Temple company made the concession at the instance of the other big companies, who feared the possibility of a general strike.

JOHN GAVIN MEETS A TERRIBLE DEATH.

Fell in a Shaft in Sixty-Five
Feet of Water in a Mine
Near Butte.

FELL OVER ONE HUNDRED FEET.

Former Resident of this City hav-
ing, Worked for C. N. Parker
At One Time.

"The accidental death of John Gavin, a former resident of this city and well known here, at Butte Mont., will be a surprise to many in Brainerd. Mr. Gavin was for a long time in the employ of C. N. Parker, while the latter was operating the street car line in this city. He was employed as engineer at the power house of the street railway. The following account of the fatal accident is taken from the Butte Miner:

"Last night John Gavin, who was at one time engineer at the Iduna mine, met a terrible death by falling down the shaft in 65 feet of water. The mine has been closed down since last March, and Gavin was inspecting it with a view to leasing the property. He was in company with J. Driscoll at the time. They were coming up the ladder in the shaft when the accident occurred. The rounds of the ladder are covered with moss and slime from the vapors that are ever rising out of the depths. When within 50 feet of the mouth of the shaft Gavin lost his hold and plunged headlong into black water below. The fall was at least 100 feet. There was 65 feet of water in the sump.

"In descending Gavin's body struck Driscoll, who was some distance below on the ladder, and all but knocked him from his precarious footing. Gavin's body had struck the timber of the mine in going down and a terrible gash was cut in his head. When he struck the water his body immediately sank and was regained only by the use of grappling hooks.

"John Gavin was the husband of Mrs. Gavin, a lady who conducts a barber shop on East Park street. She was informed of the accident soon after it happened and hurried at once to the scene. She was nearly prostrated with grief and could tell but little of the affair. Her husband had spoken of leasing the Iduna several times during the afternoon and he had told her that he was going to inspect it first. Gavin went to the home of E. Hughes on Warren avenue in the afternoon, but that gentleman was not at home, so the mine was not inspected then. Hughes was at one time employed as engineer at the mine and worked on the opposite shift from Gavin.

"Mrs. Gavin stated that when her husband did not go down the shaft in the afternoon she begged him not to attempt to climb down the ladder at night. She said she felt that some impending danger threatened him, and he had promised not to do so except in daylight. He was going home at about 10 o'clock with Mr. Driscoll and they decided to go down and measure the water. It is 150 feet to the water and the men climbed down to the 100 foot station and made an examination, after which they began the ascent.

"Mr. Driscoll stated that they were nearing the top when, without a second's warning Gavin's hold loosened and he turned in the air. Driscoll was almost knocked from the ladder, but managed to keep his hold. When Gavin's body struck the water Driscoll came up the shaft and gave the alarm.

"Coroner Johnson arrived in a short time and with the assistance of a number of men secured the body with grappling hooks. It was taken to Sherman's undertaking rooms, where the inquest will be held.

"It is said that Gavin had recently returned from a trip to New Mexico, where he had been interested in mining. He is a member of the Engineers' union of Butte."

Miss Mary Lewis, of Burtrum, commenced teaching Monday of this week in the Lano district north of town after a month's absence in a hospital at Brainerd. About four weeks ago she took a small quantity of carbolic acid by mistake which nearly resulted in her death. She went to the hospital in Brainerd to be treated. Miss Ossie Davis taught her school in her absence. Miss Lewis's many friends in Long Prairie will be pleased to hear of her recovery.—Todd County Argus.

The case of the State of Minnesota vs. Richardson set for a hearing this morning before Judge Mantor was on motion of County Attorney Alderman adjourned for one week. Many of the checks and vouchers that he took have been found. Special Agent McPetridge, of the Northern Pacific was present in the city this morning to be at the hearing.

REGULATIONS CHANGED.

High School Graduates or University
Students Eligible for West Point.

Washington, Nov. 9.—Secretary Root has issued an order changing the regulations relative to admissions to West Point so that the academic board may accept candidates who are graduates of high schools or students of universities without requiring them to pass the mental examination prescribed by the department. The important paragraphs added are:

"The academic board will consider, and may accept, in lieu of the regular mental entrance examination, the properly attested examination papers of an appointee who receives his appointment to a public competitive examination; or the properly attested certificate of graduation from a public high school, in which the course of study covers the range of subjects heretofore prescribed for candidates; or a properly attested certificate that the candidate is a regular student of any incorporated college or university."

SITUATION SERIOUS.

Town of Guaymas, Mex., in Constant
Fear of Indian Attack.

Tucson, A. T., Nov. 9.—Great fires are built almost every night by the Yaquis in the mountains near Guaymas, Mex. In the recent fight between the Yaquis and the Mexican cavalry a large number of Indians were killed and their comrades are now holding weird ceremonies over the bodies, which they took to the highest point on the mountains surrounding Guaymas. From Gloria mountain they watch the approach of posses and are able to fight to advantage. The Yaquis make raids nightly on ranches. They have abundance of horses and ammunition and seem disposed to continue fighting. The Guaymas people fear attack at night and posses have been stationed outside the gate to arouse the people in case the Indians come. The situation is more serious than it has been for some time.

Prominent New York Lady Is Found
Dead in Bathroom.

Mrs. White lost her life as the result of a most unusual accident. A slip on the floor of the bathroom caused her to fall backward, her head striking the edge of a marble basin, fracturing her skull. Mrs. White's maid went to her room some time after the accident. Not finding her mistress, the maid went to the bathroom, where Mrs. White lay on the floor dead. Mrs. White was about 40 years of age.

A MYSTERIOUS SHOOTING.

Wells Fargo Messenger Found in His
Car in a Dying Condition.

Grand Island, Neb., Nov. 9.—Z. T. Fishner, a Wells Fargo express messenger, was found in a dying condition in his car on a St. Joseph and Grand Island train when it arrived at Elwood, Neb. There were two bullet holes just below the heart. The man was unable to tell anything of the cause of the shooting and it is not known whether he was shot accidentally or in an attempt to rob the car. Everything in the safe was found intact. The wounded messenger will die.

ROBBERY THE PAYMASTER.

United States Army Official Relieved
of \$4,800.

Pensacola, Fla., Nov. 11.—Paymaster Stevens of the United States army arrived from Atlanta Saturday and before leaving that city placed in a hand satchel 200 silver dollars and \$4,800 in paper money for the purpose of paying the several hundred artillerymen at Forts Barancas and McReal their salaries for the past month. When he reached the fort here he opened his grip and found that all the paper money, amounting to nearly \$5,000, had been abstracted, and that only the 200 silver dollars remained. Amazement and surprise followed the discovery. The police were instructed to look out for the treasure. Paymaster Stevens thinks some professional pickpocket followed him and relieved him during the trip. He cannot recall a single incident of the trip that would lead to anything on the robbery, but has an idea the money was taken before he left Atlanta.

Atlanta, Ga., Nov. 11.—The police department of this city has placed under arrest J. H. Alexander, a negro in the employ of the United States government, charged with having stolen \$4,800 from the valise of Major P. C. Stevens, a United States paymaster. Major Stevens states that the money was left in a valise in the negro's care to be taken to the Union depot. By some misunderstanding the negro did not meet the major at the depot in time to catch the train and the valise was carried back to Major Stevens' office. Major Stevens reported to the city detectives that he carried the valise to Pensacola and when he arrived there he found that the currency, amounting to \$4,800, had been stolen. The negro has been in the employ of the government for a number of years and denies that he has stolen the money. Detectives are at work on the case.

KILLS NON-UNION TEAMSTER.

Echo of the Strike of Longshoremen
at San Francisco.

San Francisco, Nov. 11.—Otto M. Ekberg, a non-union teamster, was killed by an unknown man who struck him on the head with a gas pipe fully two feet long. The only witness to the assault was Mrs. Alma Miller. She does not think she would be able to identify the murderer. During the recent strike in this city Ekberg and another non-union teamster were attacked by 20 or more union teamsters. In defending themselves Ekberg and his friends shot into the crowd, wounding one of the union men slightly. It is thought this occurrence supplied the motive for the killing.

REINSTATE THE MEN.

Thought Action of Temple Iron Com-
pany Averts General Strike.

Scranton, Pa., Nov. 11.—The community is greatly relieved by the action of the Temple Iron company in reinstating the alleged blacklisted men and thereby averting a strike of its 5,000 miners. What prompted the company to change its position cannot be ascertained as none of the officials will discuss the matter. District President Nicholls of the Mine Workers' order expressed the opinion that the Temple company made the concession at the instance of the other big companies, who feared the possibility of a general strike.

JOHN GAVIN MEETS A TERRIBLE DEATH.

Fell From a Shaft in Sixty-Five Feet of Water in a Mine Near Butte.

FELL OVER ONE HUNDRED FEET.

Former Resident of this City having Worked for C. N. Parker At One Time.

"The accidental death of John Gavin, a former resident of this city and well known here, at Butte Mont., will be a surprise to many in Brainerd. Mr. Gavin was for a long time in the employ of C. N. Parker, while the latter was operating the street car line in this city. He was employed as engineer at the power house of the street railway. The following account of the fatal accident is taken from the Butte Miner:

"Last night John Gavin, who was at one time engineer at the Iduna mine, met a terrible death by falling down the shaft in 65 feet of water. The mine has been closed down since last March, and Gavin was inspecting it with a view to leasing the property. He was in company with J. Driscoll at the time. They were coming up the ladder in the shaft when the accident occurred. The rounds of the ladder are covered with moss and slime from the vapors that are ever rising out of the depths. When within 50 feet of the mouth of the shaft Gavin lost his hold and plunged headlong into black water below. The fall was at least 100 feet. There was 65 feet of water in the sump.

"In descending Gavin's body struck Driscoll, who was some distance below on the ladder, and all but knocked him from his precarious footing. Gavin's body had struck the timber of the mine in going down and a terrible gash was cut in his head. When he struck the water his body immediately sank and was regained only by the use of grappling hooks.

"John Gavin was the husband of Mrs. Gavin, a lady who conducts a barber shop on East Park street. She was informed of the accident soon after it happened and hurried at once to the scene. She was nearly prostrated with grief and could tell but little of the affair. Her husband had spoken of leasing the Iduna several times during the afternoon and he had told her that he was going to inspect it first. Gavin went to the home of E. Hughes on Warren avenue in the afternoon, but that gentleman was not at home, so the mine was not inspected then. Hughes was at one time employed as engineer at the mine and worked on the opposite shift from Gavin.

"Mrs. Gavin stated that when her husband did not go down the shaft in the afternoon she begged him not to attempt to climb down the ladder at night. She said she felt that some impending danger threatened him, and he had promised not to do so except in daylight. He was going home at about 10 o'clock with Mr. Driscoll and they decided to go down and measure the water. It is 150 feet to the water and the men climbed down to the 100 foot station and made an examination, after which they began the ascent.

"Mr. Driscoll stated that they were nearing the top when, without a second's warning Gavin's hold loosened and he turned in the air. Driscoll was almost knocked from the ladder, but managed to keep his hold. When Gavin's body struck the water Driscoll came up the shaft and gave the alarm.

"Coroner Johnson arrived in a short time and with the assistance of a number of men secured the body with grappling hooks. It was taken to Sherman's undertaking rooms, where the inquest will be held.

"It is said that Gavin had recently returned from a trip to New Mexico, where he had been interested in mining. He is a member of the Engineers' union of Butte."

Miss Mary Lewis, of Burtrum, commenced teaching Monday of this week in the Lano district north of town after a month's absence in a hospital at Brainerd. About four weeks ago she took a small quantity of carbolic acid by mistake which nearly resulted in her death. She went to the hospital in Brainerd to be treated. Miss Oddie Davis taught her school in her absence. Miss Lewis's many friends in Long Prairie will be pleased to hear of her recovery.—Todd County Argus.

CASE IS CONTINUED.

On Motion of County Attorney Alderman The Richardson Case Hearing Is Adjourned.

The case of the State of Minnesota vs. Richardson set for a hearing this morning before Judge Mantor was on motion of County Attorney Alderman adjourned for one week. Judge Fleming is defending Richardson. It will be remembered that Richardson is the man who stole the checks off Agent McKay's desk in the Northern Pacific office in this city. Many of the checks and vouchers that he took have been found. Special Agent McFetridge, of the Northern Pacific was present in the city this morning to be at the hearing.

ON THE GRIDIRON.

Brainerd 18; Little Falls 0. The second team of the Little Falls high school is no match for the second team of the high school of this city. Saturday afternoon again the locals easily defeated the boys from down the river, and it was so easy for them that the game was not even interesting. The Little Falls boys failed to score at all during the game, on account of the successful line plays of the home team. The score was 18 to 0.

The game scheduled between St. Cloud and Duluth Saturday was called off by Duluth.

The second Minnesota University team played the North Dakota university eleven on Northrup field Saturday and the latter was defeated by a score of 10 to 0.

Superior Normal defeated Duluth Central high school at foot ball by a score of 12 to 0 on the Duluth grounds. This takes Duluth out of the contest for head of the lakes honors.

The Fargo High school foot ball team journeyed to Fergus Falls yesterday morning and in the afternoon played the Fergus High a heart-disease game in which both teams failed to score.

The teams were evenly matched and the pigskin was kept in the middle of the gridiron the greater part of the time. It was the most evenly contested game ever played in Fergus Falls and the large crowd in attendance yelled themselves hoarse in the excess of their enthusiasm over some brilliant play executed by either of the teams.—Fargo Call.

The football team of the North Dakota University have every reason to feel swelled up over their work against the Minnesota "U" team yesterday afternoon on the Northrup gridiron. The Flickertail team succeeded in holding the heavy gophers down to a smaller score than any other team has been able to do this season. In the first half the Minnesotans were unable to cross the Dakota goal line and the half closed without either side scoring. In the second half the gophers were forced to put their best team into the game before they could score a touchdown, the game closing with the score of 10 to 0 in favor of Minnesota.—Fargo Call.

Mrs. H. Theviot: All members of the W. R. C. are expected to meet on Wednesday afternoon at 4 o'clock. There is to be business of importance and there should be a good attendance.

The Duluth Box company's factory was destroyed by fire about 2:30 o'clock Thursday morning, and also the dry kiln of the Morrill & King Lumber company. The latter company owned the building in which the box factory was located, and with the buildings and some lumber, sustained a loss of about \$19,000 with insurance of \$6,000.

MAN DISAPPEARS IN NOCTURNAL ROBE.

Sheriff Hardy Reports a Mysterious Disappearance of a Hotel Guest.

THE MAN MAY BE DERANGED.

Searching Parties Organized and the Country is Being Scoured Near Walker.

Sheriff Hardy, of Walker, came in from the north this morning and he reports a rather sensational disappearance of a guest of the Spalding hotel of that place this morning.

The man's name as near as Mr. Hardy could make out was William Ess. He had been stopping at the hotel for sometime. This morning it was discovered that he had arisen at a very early hour and in his nocturnal habiliment made his exit. A searching party was organized and the country round about Walker is being scoured with the hopes of locating the man.

It is thought perhaps that he might have walked out of the place in his sleep and after waking up would find his way back again, but up to the time the train left Walker coming south the man, who is still thought to be thinly clad, was at large. Another theory advanced is that he may have become suddenly deranged.

BIG THEATRICAL EVENT.

Amusement Seekers in the Twin Cities Looking forward to "The Casino Girl" with Interest.

"The Casino Girl," which will be the attraction at the opening of the Brainerd Opera house on December 2, is pronounced by critics everywhere the greatest extravaganza organization in this country today. It compares with such high class musical comedies as the "Belle of New York."

Rork, under whose personal direction the musical comedy, "The Casino Girl," is touring the country, will present an organization of sixty artists with the entire New York and London production for the local introduction of this spectacle of merriment at the Metropolitan.—Minneapolis Tribune.

There are sixty people in the big extravaganza, "The Casino Girl," which will be seen at the Metropolitan early in December.—Minneapolis Times.

ONLY A FEW THOUSAND.

State Fire Warden Andrews Thinks The Loss From Recent Fires is not Heavy Except of Hay.

State Fire Warden C. C. Andrews returned yesterday from Morrison county, where he has been investigating brush and prairie fires. He found that the fire which raged throughout Buckman and Morrill townships, and possibly in Mille Lacs county, was started by two little boys, one six years old and the other seven, who were hunting in the brush for a cow bell that had been lost. The fire was first reported Oct. 21 from Royalton.

Warden Andrews caused the arrest of Peter Anderson, who will be tried at Little Falls Tuesday on a charge of setting fires. He is accused of burning a stack of straw without taking precautions to prevent the fire from spreading.

Gen. Andrews says that country has been burned over several times, and that there is no timber to be injured. The fires are in the brush and fields. The principal loss has been in hay, and he estimates the total loss in that district at only a few thousand dollars.

It will be held throughout the country on the afternoon of Sunday, Dec. 1, and St. Cloud lodge will hold its services at the Davidson opera house. Exalted Ruler S. H. Ward has named W. W. Mooney, formerly of Brainerd but now of Fargo, has been invited and accepted the invitation to deliver the annual memorial address. Appropriate music will be sung and the observance for 1901 will be in keeping with the beautiful ceremonial of last year."

CAUGHT THE SHERIFF

TABLES TURNED BY TWO OF THE ESCAPED CONVICTS FROM LEAVENWORTH.

ARE USED AS HOSTAGES

Officer and a Farmer's Wife Act as a Shield While the Criminals Escape—Pass Through a Cordon of Police That Could Easily Capture Them and Secure a Good Start. Posse Now in Pursuit.

Topeka, Kan., Nov. 11.—Sheriff Cook of this county and Deputy Sheriff Williams were captured by two escaped convicts from the Fort Leavenworth military prison at Pauline, five miles south of Topeka, and held prisoners in the farmhouse of a man named Wooster for several hours. The convicts finally escaped between a line of police sent from Topeka to reinforce the sheriff and are now at large. Both were slightly wounded. Wooster was badly wounded by one of the convicts when he tried to fire on them. Mrs. Wooster and Sheriff Cook were held before the convicts as a shield by the prisoners in making their escape. A posse is in pursuit.

Some farmer boys near Pauline learned that the convicts were in the neighborhood. Hastily forming a posse armed with target rifles, pistols and clubs, they gave chase. Neither of the convicts were armed and they were unable to make a stand. Later Sheriff Cook and Deputy Williams arrived. Coming upon the convicts both officers fired, wounding the men, but not disabling them.

The convicts then fled through a small opening in the timber and ran into the house of Farmer Wooster. Sheriff Cook telephoned to Topeka for assistance and then took up the chase. Thinking the convicts had run around the house Cook darted through the open door, intending to surprise them at the rear door. But instead of this the convicts had gone into the house and the officer almost fell into their arms. Sheriff Cook was ordered to give up his gun, which he did. Deputy Williams by this time had reached the house and entered without knowing what had happened inside, and he, too, was made captive by the convicts.

Chief Stahl of Topeka, with eight officers, arrived at the Wooster house about an hour after the officers had been imprisoned. Chief Stahl immediately began negotiations with the convicts to give up their prisoners and to surrender themselves, but the convicts only laughed. Farmer Wooster then managed to get a gun and was about to make an

Attack on the Convicts, when one of them laid him low with a blow from the butt of a revolver taken from one of their captives. The convict broke Wooster's right hand and cut an ugly gash in his head.

One of the convicts told Sheriff Cook that he would be killed if he made the slightest move looking toward their capture. In the meantime the police officers on the outside had surrounded the building, but were afraid to make a move for fear that Cook and Williams would suffer.

Finally the convicts placed Mrs. Wooster and Sheriff Cook in front of them as shields and made for the door. Then, after exacting a promise from the sheriff that he would not permit any of the officers outside to fire on them, they started for the open. As they left the house, the frightened woman and sheriff before them, the convicts passed between a cordon of police who could have easily captured them and started for the railroad track. The sheriff had in turn exacted a promise from the police that they would not molest the convicts and they did not.

After covering a considerable distance down the track the convicts suddenly disappeared through a hedge fence, bidding the officers a mocking farewell. One of the police sergeants later said he could have easily touched the leading convict with his hand as he passed.

The convicts had secured a good start before the officers had recovered from their surprise. Then some of the policemen wanted to pursue, but Sheriff Cook would not permit it, as he had promised the convicts immunity from arrest. Chief Stahl left some of his men on the scene and with the others started back to Topeka and took up the chase later on.

The convicts are well armed, having taken all the guns in the farmhouse, including those of the sheriff and his deputy.

ELECTION DAY IN LONDON.

Twenty-eight Mayors of the British Metropolis Chosen.

London, Nov. 11.—The London mayoralty elections were conducted with usual decorum and apathy. Nearly all the 28 mayors of the metropolis were chosen without a contest. The Dukes of Norfolk and Bedford retiring from municipal politics and candidates of popular boroughs being selected after friendly consultations among councilmen.

The lord mayor of the city was elected as a rich banker who could endure the strain of expense of constant entertaining at the Mansion House during the coronation year, and Sir Joseph Dinsdale will be rewarded with a peerage at the close of his year of office.

Negro Killed in Church.

Hopkinsville, Ky., Nov. 11.—At a colored church near here during services Henry Davis quarreled with Abe Allen, with whom he was occupying the same pew. Davis shot at Allen with his pistol. The bullet missed Allen, but pierced the heart of Jerrie Wilson on the opposite side of the church and killed him instantly. Davis was arrested.

ANTI-VICE CRUSADE.

Report of Investigating Committee Made Public in Milwaukee.

Milwaukee, Nov. 11.—An "anti-vice crusade" is on in this city. A committee of three which has been making an investigation for several weeks has made its report. The report brings out a variety of instances of alleged disregard for the law. It is based upon a written and somewhat extended statement prepared by an unnamed agent who made a thorough canvass of the city with reference to the subject under discussion. Sunday closing of saloons and theaters is not made, and charges are made that the city council disregards the law by granting saloon licenses for part of the year with corresponding license fee.

The report alleges that 32 "wide open" gambling houses are doing business and that there are in operation 116 saloons with wine rooms and 16 that are connected with questionable resorts.

The report exonerates the police from suspicion of deriving any revenue as a result of the alleged wholesale disregard for law and hints that they are hindered from the proper performance of their duty by restraint from "high places."

The committee was appointed by the Ministerial association of the city to investigate the moral condition of the city. The clergy of the city took up the subject Sunday and from a dozen pulpits there were expressed hearty approval of the movement.

INSISTS ON MEDIATING.

Said Uncle Sam Wants to Settle the Venezuelan-Colombian Trouble.

Willemstad, Curacao, Nov. 11.—Advices received here from Capacho Viejo, dated Nov. 5, say that the report from President Castro to his brother, Celestino Castro, at San Cristobal, to the effect that the United States government "insists upon mediating between Venezuela and Colombia," caused the greatest excitement among the troops on the frontier. General Uribe-Urbe and General Modesto Castro immediately set out for San Cristobal to obtain details. It seems that General Uribe-Urbe refused to believe the report, declaring that he had no fears as to the future of the Liberal cause because President Castro had given him a cast iron pledge not to forsake him.

There is considerable feeling against the Castro family among the Colombian Liberals and along the frontier in consequence of a widespread rumor that Celestino Castro, who is commander-in-chief at San Cristobal, has been privately selling cattle to the enemy, the cattle being whisked across the frontier by means of alleged raids of Colombian Conservatives. During one of these raids a dozen soldiers were killed on both sides. It is said that the cattle change hands at a pre-arranged price of \$30 per head. The blood thus spilled is charged directly to Celestino Castro by the indignant people of Tachira.

Kenosha, Wis., Nov. 11.—The greatest excitement prevails in Brassville, a suburb of Kenosha. Ferguson and family of four, all seriously ill; a small child of William Barnes; two children of Mr. and Mrs. Carmen Desimena. The symptoms have been the same in every case. After the victim had eaten of the cheese he was seized with violent fits. A formal complaint has been filed with the health officer, who will make an investigation.

WEST SUPERIOR BONDS LAPSE.

City Refuses to Pay Interest, Holding That Securities Are Void.

West Superior, Wis., Nov. 11.—The city has decided to allow the interest on \$700,000 worth of special improvement bonds to lapse. This will make the bonds all fall due in a short time, but the city's legal advisers claim that by a recent decision of Judge Bunn of the federal court at La Crosse all these bonds are void and that the city has no right to pay interest on them. No interest has been paid on these bonds for the last six months, while the La Crosse decision was only made about a month ago. The bonds are almost entirely held by Eastern parties.

AT PORT OF DULUTH.

Business for Current Year Will Not Break Any Records.

Duluth, Nov. 11.—The marine business of the port of Duluth for the season of 1901 will not break records, according to the returns made to the local customs office. The total shipments from the port up to Nov. 5 have been 3,659,257 tons, compared with 4,191,861 tons in 1900, 4,222,352 in 1899 and 3,947,130 in 1898. With about one month yet to go, as the season ends Dec. 5, due to the prohibitive insurance rates tacked on at that time, it is probable that the shipments for 1901 will be equalled, but not materially exceeded.

The feature of the business has been the lumber shipments, and before the season closes it is expected that the grain shipments will be large enough to be notable. The lumber shipments have already exceeded those of all last year by 50,000,000 feet, and it is probable that the increase will approximate 100,000,000 feet before the close.

Grain shipments must make up about 3,000,000 bushels before equaling those of last year.

One shipment from Duluth during the season have been about average, although the end of the season will show somewhat of an increase.

The receipts for the season to Nov. 5 have been 1,116,830 tons, compared with 1,316,607 in 1899 and 1,115,510 in 1898.

CAUGHT THE SHERIFF

Officer and a Farmer's Wife Act as a Shield While the Criminals Escape—Pass Through a Cordon of Police That Could Easily Capture Them and Secure a Good Start. Posse Now in Pursuit.

Topeka, Kan., Nov. 11.—Sheriff Cook of this county and Deputy Sheriff Williams were captured by two escaped convicts from the Fort Leavenworth military prison at Pauline, five miles south of Topeka, and held prisoners in the farmhouse of a man named Wooster for several hours. The convicts finally escaped between a line of police sent from Topeka to reinforce the sheriff and are now at large. Both were slightly wounded. Wooster was badly wounded by one of the convicts when he tried to fire on them. Mrs. Wooster and Sheriff Cook were held before the convicts as a shield by the prisoners in making their escape. A posse is in pursuit.

Some farmer boys near Pauline learned that the convicts were in the neighborhood. Hastily forming a posse armed with target rifles, pistols and clubs, they gave chase. Neither of the convicts were armed and they were unable to make a stand. Later Sheriff Cook and Deputy Williams arrived. Coming upon the convicts both officers fired, wounding the men, but not disabling them.

The convicts then fled through a small opening in the timber and ran into the house of Farmer Wooster. Sheriff Cook telephoned to Topeka for assistance and then took up the chase. CAUGHT THE SHERIFF

TABLES TURNED BY TWO OF THE ESCAPED CONVICTS FROM LEAVENWORTH.

ARE USED AS HOSTAGES

Officer and a Farmer's Wife Act as a Shield While the Criminals Escape—Pass Through a Cordon of Police That Could Easily Capture Them and Secure a Good Start. Posse Now in Pursuit.

Topeka, Kan., Nov. 11.—Sheriff Cook of this county and Deputy Sheriff Williams were captured by two escaped convicts from the Fort Leavenworth military prison at Pauline, five miles south of Topeka, and held prisoners in the farmhouse of a man named Wooster for several hours. The convicts finally escaped between a line of police sent from Topeka to reinforce the sheriff and are now at large. Both were slightly wounded. Wooster was badly wounded by one of the convicts when he tried to fire on them. Mrs. Wooster and Sheriff Cook were held before the convicts as a shield by the prisoners in making their escape. A posse is in pursuit.

Some farmer boys near Pauline learned that the convicts were in the neighborhood. Hastily forming a posse armed with target rifles, pistols and clubs, they gave chase. Neither of the convicts were armed and they were unable to make a stand. Later Sheriff Cook and Deputy Williams arrived. Coming upon the convicts both officers fired, wounding the men, but not disabling them.

The convicts then fled through a small opening in the timber and ran into the house of Farmer Wooster. Sheriff Cook telephoned to Topeka for assistance and then took up the chase. Thinking the convicts had run around the house Cook darted through the open door, intending to surprise them at the rear door. But instead of this the convicts had gone into the house and the officer almost fell into their arms. Sheriff Cook was ordered to give up his gun, which he did. Deputy Williams by this time had reached the house and entered without knowing what had happened inside, and he, too, was made captive by the convicts.

Chief Stahl of Topeka, with eight officers, arrived at the Wooster house about an hour after the officers had been imprisoned. Chief Stahl immediately began negotiations with the convicts to give up their prisoners and to surrender themselves, but the convicts only laughed. Farmer Wooster then managed to get a gun and was about to make an

Attack on the Convicts.

when one of them laid him low with a blow from the butt of a revolver taken from one of their captives. The convict broke Wooster's right hand and cut an ugly gash in his head.

One of the convicts told Sheriff Cook that he would be killed if he made the slightest move looking toward their capture. In the meantime the police officers on the outside had surrounded the building, but were afraid to make a move for fear that Cook and Williams would suffer.

Finally the convicts placed Mrs. Wooster and Sheriff Cook in front of them as shields and made for the door. Then, after exacting a promise from the sheriff that he would not permit any of the officers outside to fire on them, they started for the open. As they left the house, the frightened woman and sheriff before them, the convicts passed between a cordon of police who could have easily captured them and started for the railroad track. The sheriff had in turn exacted a promise from the police that they would not molest the convicts and they did not.

After covering a considerable distance down the track the convicts suddenly disappeared through a hedge fence, bidding the officers a mocking farewell. One of the police sergeants later said he could have easily touched the leading convict with his hand as he passed.

The convicts had secured a good start before the officers had recovered from their surprise. Then some of the policemen wanted to pursue, but Sheriff Cook would not permit it, as he had promised the convicts immunity from arrest. Chief Stahl left some of his men on the scene and with the others started back to Topeka and took up the chase later on.

The convicts are well armed, having taken all the guns in the farmhouse, including those of the sheriff and his deputy.

ELECTION DAY IN LONDON.

Twenty-eight Mayors of the British Metropolis Chosen.

London, Nov. 11.—The London mayoralty elections were conducted with usual decorum and apathy. Nearly all the 28 mayors of the metropolis were chosen without a contest, the Duke of Norfolk and Bedford retiring from municipal politics and candidates of popular boroughs being selected after friendly consultations among councilmen.

The lord mayor of the city was elected as a rich banker who could endure the strain of expense of constant entertaining at the Mansion House during the coronation year, and Sir Joseph Dinsdale will be rewarded with a peerage at the close of his year of office.

Negro Killed in Church.

Hopkinsville, Ky., Nov. 11.—At a colored church near here during services Henry Davis quarreled with Abe Allen, with whom he was occupying the same pew. Davis shot at Allen with his pistol. The bullet missed Allen, but pierced the heart of Jerrie Wilson on the opposite side of the church and killed him instantly. Davis was arrested.

ANTI-VICE CRUSADE.

Report of Investigating Committee Made Public in Milwaukee.

Milwaukee, Nov. 11.—An "anti-vice crusade" is on in this city. A committee of three which has been making an investigation for several weeks has made its report. The report brings out a variety of instances of alleged disregard for the law. It is based upon a written and somewhat extended statement prepared by an unnamed agent who made a thorough canvass of the city with reference to the subject under discussion. Sunday closing of saloons and theaters is not made, and charges are made that the city council disregards the law by granting saloon licenses for part of the year with corresponding license fee.

The report alleges that 22 "wide open" gambling houses are doing business and that there are in operation 116 saloons with wine rooms and 16 that are connected with questionable resorts.

The report exonerates the police from suspicion of deriving any revenue as a result of the alleged wholesale disregard for law and hints that they are hindered from the proper performance of their duty by restraint from "high places."

The committee was appointed by the Ministerial association of the city to investigate the moral condition of the city. The clergy of the city took up the subject Sunday and from a dozen pulpits there were expressed hearty approval of the movement.

INSISTS ON MEDIATING.

Said Uncle Sam Wants to Settle the Venezuelan-Colombian Trouble.

Willemstad, Curacao, Nov. 11.—Advices received here from Capacho Viejo, dated Nov. 5, say that the report from President Castro to his brother, Celestino Castro, at San Cristobal, to the effect that the United States government "insists upon mediating between Venezuela and Colombia," caused the greatest excitement among the troops on the frontier. General Uribe-Urbe and General Modesto Castro immediately set out for San Cristobal to obtain details. It seems that General Uribe-Urbe refused to believe the report, declaring that he had no fears as to the future of the Liberal cause because President Castro had given him a cast iron pledge not to forsake him.

There is considerable feeling against the Castro family among the Colombian Liberals and along the frontier in consequence of a widespread rumor that Celestino Castro, who is commander-in-chief at San Cristobal, has been privately selling cattle to the enemy, the cattle being whisked across the frontier by means of alleged raids of Colombian Conservatives. During one of these raids a dozen soldiers were killed on both sides. It is said that the cattle change hands at a pre-arranged price of \$30 per head. The blood thus spilled is charged directly to Celestino Castro by the indignant people of Tachira.

ATE POISONED CHEESE.

Over a Dozen People Are Seriously Ill Near Kenosha, Wis.

Kenosha, Wis., Nov. 11.—The greatest excitement prevails in Grassville, a suburb of Kenosha. More than a dozen people have been seized with ptomaine poisoning as a result of eating cheese which had been purchased from a small store in the neighborhood. The first cases of the poisoning appeared several days ago and the doctors of the city have been kept busy in the suburb since.

As yet no deaths have been reported, but several of the victims are in a precarious condition. Those affected are: Joseph Borkenhagen and family of four, one daughter being seriously ill; A. F. Ferguson and family of four, all seriously ill; a small child of William Barnes; two children of Mr. and Mrs. Carmen Desimena. The symptoms have been the same in every case. After the victim had eaten of the cheese he was seized with violent fits. A formal complaint has been filed with the health officer, who will make an investigation.

WEST SUPERIOR BONDS LAPSE.

City Refuses to Pay Interest, Holding That Securities Are Void.

West Superior, Wis., Nov. 11.—The city has decided to allow the interest on \$700,000 worth of special improvement bonds to lapse. This will make the bonds all fall due in a short time, but the city's legal advisers claim that by a recent decision of Judge Bunn of the federal court at La Crosse all these bonds are void and that the city has no right to pay interest on them. No interest has been paid on these bonds for the last six months, while the La Crosse decision was only made about a month ago. The bonds are almost entirely held by Eastern parties.

Job for Wu Ting Fang.

New York, Nov. 11.—Wu Ting Fang, the Chinese minister, whose unique personality has brought him into notice throughout the country, will have an opportunity to remain in this country in spite of the order of recall recently announced by his government. The trustees of Columbia university have decided to offer him the chair of Chinese language and literature in that institution, for which donors whose names have not yet been revealed not long ago gave \$112,000 to the university.

Prominent Norwegian-American Dead.

Madison, Wis., Nov. 11.—John A. Johnson, president of the Fuller & Johnson Manufacturing company, agricultural manufacturers, president of the Gisholt Machine company, president of the Capital City bank and one of the foremost and wealthiest Norwegian-Americans in the Northwest, died of stomach trouble after a year's illness. He leaves a widow and several grown children.

Danish Fruit Crop a Failure.

Copenhagen, Nov. 11.—The fruit crop in Denmark is nearly a failure this season. Apples are especially scarce and in consequence dear, selling at wholesale as high as 13 cents a pound. German, Russian and French apples are being imported. Some of the commission men in Copenhagen will try to import American apples.

AT PORT OF DULUTH.

Business for Current Year Will Not Break Any Records.

Duluth, Nov. 11.—The marine business of 1901 will not break records, according to the returns made to the local customs office. The total shipments from the port up to Nov. 5 have been 3,659,257 tons, compared with 4,191,861 tons in 1900, 4,222,352 in 1899 and 3,047,130 in 1898. With about one month yet to go, as the season ends Dec. 5, due to the prohibitive insurance rates tacked on at that time, it is probable that the shipments for 1900 will be equalled, but not materially exceeded.

The feature of the business has been the lumber shipments, and before the season closes it is expected that the grain shipments will be large enough to be notable. The lumber shipments have already exceeded those of all of last year by 50,000,000 feet, and it is probable that the increase will approximate 100,000,000 feet before the close.

Grain shipments must make up about 3,000,000 bushels before equaling those of last year.

Ore shipments from Duluth during the season have been about average, although the end of the season will show somewhat of an increase.

The receipts for the season to Nov. 5 have been 1,116,830 tons, compared with 1,316,607 in 1899 and 1,115,510 in 1898.

Engineers Object to Negroes.

Atlanta, Ga., Nov. 11.—The United States Motive Power Association of Stationary Engineers has been formed here. The association is composed of the members of the Atlanta association, No. 1, of the National Association of Stationary Engineers, which drew from the National association at the Rochester meeting in September when negroes were admitted in the association. The new association is the only organization of strictly white engineers in America.

Marshal Kills a Man.

Noblesville, Ind., Nov. 11.—Newton Innes was shot and killed by William Mohler, the city marshal of Atlanta, a town 12 miles south of here. Innes had been drinking and when the marshal attempted to send him to jail Innes drew a knife and slashed the officer across the arm. Mohler drew his revolver and fired, the bullet piercing Innes' heart.

American Jockey Disqualified.

Paris, Nov. 11.—C. T. ("Boob") Durnell, the American jockey and trainer, has been disqualified for life by the Jockey club on the grounds that he deliberately remained at the post at St. Cloud Oct. 28, when he rode Londres in the Prix de Marly-Roi.

Killed in Election Fight.

Barcelona, Nov. 11.—The municipal elections here were attended by bloodshed and excitement. Revolver shots were exchanged and one person was killed and 40 others wounded.

TELEGRAPHIC BREVITIES.

General Funston is reported as completely recovered from his recent operation for appendicitis.

The Democratic party has adopted General Bartolome Maso as its candidate for the presidency of Cuba.

A bill has been introduced in the lower house of the Georgia legislature prohibiting divorces in that state.
